REPORT TO COUNCIL MEETING OF March 09, 2021

FROM: Garry Roth

DATE: March 2, 2021

Subject: Summary of Crime Reduction Initiatives

PURPOSE

The purpose of this report is to give Council background information on the crime reduction initiatives that the Town has done over the past few years.

BACKGROUND

At the Regular Council Meeting of February 16, 2021, Council passed the following motion: *"Administration brings back crime reduction strategy that highlights tools that already exist and ideas and options for enhancing this service."*

Following is a summary of crime reduction efforts made through Administration and Council:

Jun. 2019 - Council held a Special Council Meeting to discuss crime prevention. As a result, a request for meeting with the Minister of Justice & Solicitor General.

Aug. 2019 - A review of the Community Peace Officer Program resulted in the following motion: *"Council directed administration to proceed with making application, including a business case, to have the Community Peace Officers appointments expanded to include minor Criminal Code offences, investigation of non-injury motor vehicle collisions, and execution of criminal warrants."* The RCMP K-Div. carried out pilot projects in other municipalities. No further action has occurred at this time as the RCMP have indicated it was on hold due to COVID-19 responses.

Sept. 11, 2019 – Council met with Minister of Justice and Solicitor General. Issues discussed:

- Requested changes to the Judicial Interim Release (JIR) program (bail hearings) to factor local concerns,
- Issuance of warrants for unpaid violation tickets,
- Prisoner transportation taking RCMP away from community,
- Request for a Provincially funded Crime Reduction Unit in Slave Lake, &
- Requested creation of a scrap metal dealer registration. This has occurred with the legislation coming into effect on November 01, 2020.

Sept. 2020 - Council considered the use of public surveillance cameras. Motion was passed to refer the concept to the 2021 budget process for further deliberations. At present, this project is unfunded in 2021 Capital Plan.

Ongoing - The RCMP and Peace Officers have been trying to have a higher visible presence. The RCMP also is actively targeting and focusing on the most prolific offenders. These are very much ongoing effort.

DISCUSSION

Following are further initiatives that may have impact in reducing crime in Slave Lake:

1. **Crime Prevention Through Environmental Design (CPTED):** Many communities have police members and/or staff trained in CPTED concepts. These then can assist the business community with recommending physical changes to their property to help reduce crime. One idea is to use the Town's Community Peace Officers for this.
2. **Judicial Interim Release & Public Enquiry:** From time to time, prolific offenders and serious offenders are released from custody as part of Judicial Interim Release. When this occurs, the Town could ask the AB Justice and Solicitor General to do a public enquiry into the release of this person.
3. **RCMP Safe Exchange Zone:** Slave Lake RCMP Detachment is in process of setting up an area, near the detachment, for safe exchanges. This would be for transactions of people selling/purchasing private items or safe exchanges of children for custodial matters. The concept not only provides a safer environment for the exchange, but also acts as a deterrent for non-legitimate transactions.
4. **Continued Advocacy:** Council can continue to advocate for the items previously discussed with the Minister, as well as any new issues. One effective way of advocacy involves making resolutions through the AUMA.
5. **Traffic Enforcement:** Continued emphasis on traffic enforcement. Peace Officers and RCMP members doing traffic enforcement will bring about interactions between offenders and law enforcement. It will also act as a visible deterrent. This also includes partnering between agencies to do various traffic enforcement campaigns (called "Joint Forces Operations" or "JFOs").
6. **Bike/ATV Patrols:** Peace Officers partner with the RCMP for joint patrols using non-conventional means, such as by bicycle or ATV. This may require some additional equipment and training, but certainly can have positive results. Combine with these patrols, bicycle patrols are also a really good means to engage with people on our trails and in our parks.
7. **Peace Officer Scheduling:** Community Peace Officers do work predominantly during day time week day hours, as this is when the most calls for service are received. From time to time, based on needs, they do work outside of those hours. Administration can review these hours and from time to time vary or modify the hours to either assist with events, projects, or act as a general deterrent. Shift scheduling will also change as consideration is given to a third Peace Officer in 2022.

RESOURCE IMPACTS

Resource impacts will depend on the next steps taken on any initiative. Most items are fairly low cost and can be done through existing budgets.

POLICY IMPLICATIONS

No direct policy impacts at this time.

COMMUNICATIONS

None at this time.

RECOMMENDATION TO COUNCIL

Summary for Council consideration. Council may also provide more specific direction to Administration on any of these items.

MOTION

That Council receive this report as information.

Council Code of Conduct

Policy

POLICY STATEMENT:

The Town of Slave Lake will ensure that all Town Council Members are familiar with the conflict of interest provisions in the Municipal Government Act (MGA). The Mayor and Councillors will conduct themselves in a professional, dignified, and courteous manner both in and out of Council Chambers.

POLICY OBJECTIVES:

The purpose of this policy is to:

1. Provide guidance to Council so as to ensure that each member is accorded reasonable and fair treatment.
2. Assist Council Members in avoiding problems relating to roles.
3. Preserve the integrity of the Council and administration.
4. Protect the individual rights of Council and administration as normal citizens.
5. Ensure that government decisions and policy be made through the proper channels of government structure.
6. Maintain public confidence in the integrity of its government.

These guidelines are additional to any requirements at law and do not excuse any member from complying with any common law or statute law.

Dear Mayor Warman:

Thank you for your January 8, 2021, email outlining a number of issues of importance to the Town of Slave Lake, and for taking the time to talk with me about these issues in early January. On behalf of the Government of Alberta, I am pleased to provide you with an update on these critical matters.

Municipal Affairs has reached out to Alberta Health and Alberta Health Services (AHS) for an update on the ongoing Emergency Medical Services (EMS) station issue within the Town of Slave Lake. AHS advises that the proposed replacement station is currently the highest EMS infrastructure priority in Alberta, but that competing demands for scarce health resources must also be considered. I recognize the importance of this station to the Town of Slave Lake and northern Alberta, and I encourage you to continue working with Alberta Health and AHS on this matter.

I also know that rural crime continues to be a serious issue facing our communities. In response, the Government of Alberta recently passed the Police Funding Regulation,

and implemented the Police Funding Model (PFM), resulting in the addition of 76 regular members of the RCMP and 56 civilian staff. Furthermore, the government has established a provincial Police Advisory Board to provide input into provincial policing priorities, strategic and multi-year financial plans, and allocation of PFM-funded resources. I encourage you to engage with the Alberta Urban Municipalities Association as your representative in board discussions on provincial police resourcing matters.

I understand your frustration regarding the delay of social housing development within the Town of Slave Lake. That is why I was pleased to see that the Minister of Seniors and Housing approved exploration of a mixed-income development in Slave Lake, using a public-private partnership approach, with the remaining \$4.2 million in provincial funds committed to this project. I commend you on your advocacy for this development and encourage you to continue working with the Ministry of Seniors and Housing on this important file.

The Government of Alberta recognizes the importance of the Lesser Slave Lake Provincial Park to the local community. The Ministry of Environment and Parks is eager to continue working with the town regarding its concerns, suggestions, and ideas as they relate to park management and potential partnership opportunities. I encourage you to follow up with Mr. Calvin McLeod, Northwest Regional Director, Park Operations Division, at 780-538-8010 or calvin.mcleod@gov.ab.ca.

Regarding highways in the region, in spring 2020, the Government of Alberta announced a \$2 billion investment in job-creating Capital Maintenance and Renewal (CMR) projects over the next three years. A total of \$410 million of stimulus funding was issued this past construction season for highway maintenance and rehabilitation. This amount also includes \$60 million for minor repairs, pothole fixes, line painting, and crack sealing. Alberta Transportation has tendered and awarded the overlay of 25 kilometres of Highway 2 in and around Slave Lake as part of the CMR economic stimulus initiative.

I understand this letter may not address all of your concerns, so I have included my colleagues on this response to ensure they are aware of the important issues you have raised.

Thank you for your continued advocacy and leadership on behalf of your community.

Sincerely,

Ric McIver
